

2008 SSR LEMTTF Application and Guidelines

Larry Ewing Memorial Trainee Travel Fund (LEMTTF)

The Larry Ewing Memorial Trainee Travel Fund was established by the Society for the Study of Reproduction in honor of the late Dr. Larry Ewing, who was an ardent supporter of SSR's commitment to trainees. Trainee members of the Society who have **limited funds** may request travel assistance from the LEMTTF. LEMTTF grants are considered a reimbursement, to offset the cost of attending the Annual Meeting. Trainees are expected to pre-register for the Annual Meeting before submitting an application for a travel grant. The application must be filled out completely and postmarked or faxed to Christianne Magee, the 2008 LEMTTF Coordinator, **no later than 4 April 2008**.

To be a qualified applicant, you **must** be a trainee member of SSR (**paid up by 15 January 2008**, the deadline for submission of abstracts), and be the presenter of an accepted abstract at the Annual Meeting. A copy of the SSR abstract acceptance notification must accompany the application. **Applicants are encouraged to fax applications.**

Please fax the application and a copy of your abstract acceptance notification by 4 April 2008, to 970-491-3557; alternatively, you may mail the completed application along with a copy of your SSR abstract acceptance notification, postmarked by 4 April 2008, to:

Christianne Magee
Animal Reproduction and Biotechnology Laboratory
Colorado State University Foothills Campus
3801 W. Rampart Road
Fort Collins, CO 80521
Email: christianne.magee@colostate.edu
Lab Phone: 970-491-0697
ARBL Phone: 970-491-3456
ARBL Fax: 970-491-3557

Please note: upon receipt of your application, you will be sent an email (or fax, if you do not have email) verifying receipt of your application. **If you do not receive notification, assume that the application has not been received and please resend.**

If you have any questions regarding LEMTTF application procedures, please contact Christianne Magee, above, or email the current Trainee Representatives:
